

CHIEF SECRETARY

Do you have the ability to influence at senior leadership level and be at the core of an organisation's decision-making?

We are looking for a new Chief Secretary to lead and implement the future strategy of the Committee *for* Economic Development. This is an important and influential role at the heart of the new structure of government. Key to this role is driving the Public Service Reform agenda,

ensuring continuous improvement in service delivery and operational efficiencies, with the focus being on the customer in mind at all times.

You will need to be commercially minded with proven experience at senior level, ideally in a large organisation, and be able to demonstrate strong leadership and managing teams.

If this sounds like the ideal opportunity, then apply today at gov.gg/careers or contact Becky Chilcott on 01481 233587.
